## **Kim Jong Un Visits Kumsusan Palace of Sun**

Pyongyang, December 18 (KCNA)--Respected Supreme Leader **Kim Jong Un** visited the Kumsusan Palace of the Sun on Dec. 17, the greatest national mourning day.

He entered the hall where the statues of President **Kim Il Sung** and leader **Kim Jong Il** stand.

Seen standing before the statues was a floral basket sent by **Kim Jong Un**.

He paid high homage to the statues.

He made a deep bow to **Kim Jong Il** in the hall of immortality where he lies in state.

He made a solemn pledge to fight more unflinchingly as befits a revolutionary soldier of **Kim Jong Il** in order to steadily develop the Workers' Party of Korea into the dignified **Kimilsungist-Kimjongilist** party and to consolidate the country into the strong one, where **Kim Jong Il**'s desires come true, and the fortress independent in politics, self-supporting in the economy and self-reliant in defence.
