## Supreme Leader Kim Jong Un Watches Combat Flight Contest-2019

**Kim Jong Un**, chairman of the Workers' Party of Korea, chairman of the State Affairs Commission of the Democratic People's Republic of Korea and supreme commander of the armed forces of the DPRK, watched "the combat flight contest-2019 of the flight commanding officers of the Air and Anti-Aircraft Force of the Korean People's Army."

When Supreme Leader of the Party, state and armed forces **Kim Jong Un** came to Wonsan Kalma Airport, the venue, all the participants and the spectators broke into thunderous cheers of "hurrah!"

The commander of the Air and Anti-Aircraft Force of the KPA made an opening speech.

The contest, being divided into division commander group, pursuit plane regiment commander group and light plane regiment commander group, were held by way of letting all the aircrafts equipped with maximum armament conduct bombing flight and firing flight under the command of the formation flight by the flight commanding officers.

The flight commanding officers and the combat pilots fully demonstrated the invincible might of Kim Jong Un's flying corps by displaying the aviation they have trained during the ordinary days.

Whenever the flight commanding officers and the combat pilots showed admirable aviation with brave and flexible art of control, the Supreme Leader warmly acknowledged them, giving encouragement.

He expressed great satisfaction over the fact that the flight commanding officers and combat pilots took an active part in the contest and held enthusiastic contest, showing high aviation.

Our pilots have to try to fight the enemies armed to the teeth with great idea and tactics under any circumstances, the Supreme Leader said, adding that the result of the fight is not decided by the combat specification of arms and equipment but by for what and with what idea the fight is fought. He stressed that however loudly the enemies may brag about their technological advantages, they can never overwhelm the politico-ideological and combat and moral advantages of our service personnel.

The Supreme Leader underscored the need for all the pilots to get fully versed in the Juche-based air tactics and be fully ready for effectively applying them to operations and battles, adding that it is important for all the pilots to possess high level of aviation, bombing skill and marksmanship by systematically conducting flight drills on a normal basis under the simulated conditions of an actual war in the severest condition.

He indicated the orientation as regards the development of the air force weaponry of our own style to contain the armed forces of the enemy boasting of the technical advantages of their aircrafts, giving vital instructions in developing the Juche-based air force.

He congratulated the flight commanding officers who took part in the contest on their successes and had a photo session with them.

Among the spectators were leading officials of the Central Committee of the Workers' Party of Korea.

## Supreme Leader Kim Jong Un Inspects Yangdok Hot Spring Resort Again

**Kim Jong Un**, chairman of the Workers' Party of Korea, chairman of the State Affairs Commission of the Democratic People's Republic of Korea and supreme commander of the armed forces of the DPRK, again inspected Yangdok Hot Spring Resort under construction that nears completion.

Making round of workers rest blocks, recuperation blocks, hotels, indoor and outdoor spas, health complexes, horse-riding park and ski ground, Supreme Leader of the Party, state and armed forces Kim Jong Un acquainted himself in detail with the construction progress made in carrying out the tasks set forth by the Party after he had inspected the resort under construction on Oct. 23.

He expressed satisfaction over the fact that the soldier-builders are completing all the constructions in qualitative way including places for medical treatment and recuperation and ski ground by correcting the mistakes indicated last time and delicately conducting the last stage work of the construction.

Yangdok Hot Spring Resort is a service base for hot spring treatment our Party is building to promote the health and welfare of the people and provide them with a new cultural and emotional life, and also a multi-functional, all-purpose sports and cultural resort and, therefore, not a slightest defect should be allowed, he said, setting forth detailed tasks for the completion, operation and management of the resort.

Pointing out some shortcomings in the preparation for the operation and service of the resort, he carefully indicated the ways for correcting shortcomings.

He underscored the need to do specially well the disinfection and management of over hundreds of tubs and sanitation appliances in the resort including those in indoor and outdoor spas and hot spring water parks in hotel as required by the regulation.

He called for completing the horse-riding park under construction in the resort at an early date so that working people can do various sports and cultural activities like skiing and horse-riding and also have hot spring bath, and for building a golf course in the area in the future.

He said that Party organizations and officials in charge of the service and service workers should responsibly perfect the preparations for service to make sure that nothing is left out imperfect in the service activities as the scheduled day of the resort completion is now close at hand.

He stressed the need for the construction headquarters of the resort to conclude the project without fail by the date of completion set by the Party and more meticulously organize the finishing work to ensure the inauguration ceremony.

He was accompanied by cadres of the Party Central Committee Jang Kum Chol, Jo Yong Won, Hyon Song Wol and Han Kwang Sang.
