

Asia Pacific Regional Preparatory Committee For “Gathering 2017 - Praise to the Great Persons of Mt.Paektu”

28th June 2017.

African Regional E. Seminar,
“Eternal Sun”

Dear Comrades,

On behalf of the Asia Pacific Regional Preparatory Committee “Gathering -2017 Praise to the Great Persons of Mt.Paektu” the three joint secretaries extend to the African Regional E. Seminar and all participants best wishes and solidarity greetings. We are confident that your seminar will be a noble triumph and give greater inspiration to the African people in providing solidarity to all the Korean people.

The success of your E. Seminar will further strengthen the resolve and determination of the world progressive people in providing international solidarity support to all the Korean people in their just struggle against the continue illegal hostile policies of US Imperialism.

In preparation for the forthcoming August 5th International Festival of Mt.Paektu “Praise to the Great Persons of Mt Paektu successful E. Seminars have been held in many parts of the world, clearly demonstrating that the Korean people do not stand alone in their just struggle for independence, peace, socialism and reunification of their nation against the hostile policies of US Imperialism.

This year when “Praising the Great Persons of Mt Paektu” we do so in recognition of the 105th anniversary of the birth of President Kim Il Sung, 75th anniversary of the birth of General Kim Jong Il and the 5th anniversary of the election of Marshal Kim Jong Un as Supreme Commander of the DPRK and the KPA.

The revolutionary exploits and leadership of the eternal President Kim Il Sung remain sacred within the hearts and minds of all the Korean people and the world progressive forces. During the struggle for national liberation against the Japanese Militarist President Kim Il Sung declared that arm struggle must be met with “Force of Arms” which gave birth to the revolutionary principle of Songun Politics. General Kim Jong Il during the period of the Arduous March announced to the world that Songun Politics are DPRK Politics and pushed back the machinations of US Imperialism.

In the 7th Congress of the WPK held in May 2016 Marshall Kim Jong Un announced the adoption of the “Byungjin” a new strategic policy guideline of simultaneously strengthening the DPRK economy and nuclear deterrent, one could not argue that this policy represents a quantum leap of Sungun politics.

Let us unite and organize a mass gathering of world progressive forces to “Praise to the Great Persons of Mt Paektu” in August 2017.

With best wishes and solidarity greetings.
