

REPORT

African Regional On-line Seminar; June 1st 2017 to July 3rd 2017

Title: The Eternal Sun

The African e-Seminar titled "Eternal Sun" was held on the occasion of the 23rd anniversary of the demise of the great President **KIM IL SUNG**.

We would like to begin by expressing our highest respect to President **KIM IL SUNG** who lives forever in the hearts of progressive peoples all over the world as the eternal sun of Juche for his undying exploits performed for the Korean revolution and the cause of global independence.

On this occasion, we reminiscence with deep emotion the great life and immortal exploits of President **KIM IL SUNG**, the extraordinary thinker and theoretician and the outstanding statesman of the 20th century.

The greatest of all exploits of President **KIM IL SUNG** is that he put forward Juche idea, the guiding idea of the era of independence, to illuminate the correct way for the independent development and prosperity of humankind.

The Juche idea, which clarified that popular masses are the master and the driving force of revolution and construction, enabled the people under exploitation and oppression for ages to become aware of their own capability and status and take the position of masters of the times, revolution and history.

The Korean people, armed with the Juche and Songun ideas put forward by the President, waged arduous struggle relying on their own strength to liberate the country from the Japanese imperialists who boasted of being the "leader" of Asia and won the historic victory in the 3-year war against the US-led imperialists.

The Juche idea initiated and developed by President **KIM IL SUNG** is being accepted by the world progressive people aspiring after freedom and liberation as the universal truth for the emancipation of mankind.

President **KIM IL SUNG** is the great statesman and leader who led the Korean revolution and the cause of global independence by applying Juche idea into practice. He advanced revolutionary theories, strategies and tactics suiting the specific condition of Korea according to the principles of the Juche idea. By implementing them, he set an example of the century for anti-imperialist, anti-feudal democratic revolution, building a new society, socialist revolution and construction.

Thus, the DPR Korea, once a backward colonial agrarian country and reduced to ashes during the war, worked a miracle of effecting industrialization in a short period of 14 years and has turned into a world envying independent, self-reliant and self-defensive power.

Theories and methods for revolution and construction which he formulated and applied all the way through the Korean revolution serve as a textbook to be followed by all countries and nations aspiring for freedom and liberation.

President **KIM IL SUNG** is the eternal sun of Juche who advanced Juche idea to illuminate the way for accomplishing the cause of global independence and extended firm support to the struggle of world progressive peoples.

With noble international obligations, he offered unsparing aid to a lot of countries for their independence and the building of new societies. Even in difficult situations under constant threats of war and blockades, he offered huge quantity of food and aid materials to African people facing shortage of food and poverty. He also taught that African countries should count on their own strength and pursue the way of self-reliance while receiving aid. Thanks to his wise and energetic teachings and selfless aid, the era of sovereignty, independence and prosperity opened up in Africa, hitherto labeled as the dark continent.

The idea and cause of President **KIM IL SUNG** was faithfully carried forward by the leader **KIM JONG IL**.

Leader **KIM JONG IL** safeguarded the dignity and sovereignty of the country and nation, laid solid foundation of the great Paektusan nation, and made a huge contribution to securing world peace by building upon the original Songun politics based on Songun idea advanced by President **KIM IL SUNG**.

In 1990s, after the demise of President **KIM IL SUNG**, Korea suffered consecutive natural disasters. Furthermore, with the collapse of socialism in Eastern European socialist countries, the maneuvers of imperialist allied forces to isolate and stifle DPR Korea reached extreme levels. In such grim situation, that Korea safeguarded its ideology and

system and launched its first artificial satellite is a historic miracle which other nations found difficult to attain.

The visits of head of powers to Pyongyang and the North-South Summit, the first of its kind in Korean history since 2000 demonstrated to the international community that DPR Korea has taken the position of world power which in turn aroused admiration for the extraordinary leadership of leader **KIM JONG IL**. That is why the world's progressive people visited the secret camp of Mt. Paektu, the birthplace of H.E. **KIM JONG IL** on his 60th birth anniversary in February 2002.

Today the great lives and feats of the President **KIM IL SUNG** and leader **KIM JONG IL** are being solidified by His Excellency supreme leader **KIM JONG UN**. It is the firm resolution of His Excellency **KIM JONG UN** to continuously follow the way of independence, Songun and socialism that was pioneered and covered by the former leaders.

Nowadays, the DPR Korea is displaying its might as the responsible nuclear state, Juche-oriented nuclear power, with tremendous national capability including the possession of H-bomb. DPR Korea is smashing nuclear threat and blackmail, high-handed and arbitrary acts of the imperialists and thus contributing to the establishment of the right world order.

In DPR Korea the people-first principle is maintained as the steadfast policy of the Party and the state. The whole state capabilities were focused on recovery work in flood afflicted areas and lecturers, researchers and ordinary people got free access to the

world-class luxurious apartments in Ryomyong Street. Such unbelievable happenings are accepted as normal and natural in the DPR Korea.

Under the leadership of His Excellency **KIM JONG UN**, the DPR Korea has attained high authority in international arena as the bulwark of socialism, fortress of anti-imperialist independence and spokesperson of justice and truth.

The current e-seminar and the forthcoming 5th International Festival in praise of Great Persons of Mt. Paektu to be held in August will demonstrate the unanimous wish and desire of the progressive peoples of the world who hold the great President **KIM IL SUNG** and leader **KIM JONG IL** as the eternal sun of Juche and Songun and H.E. **KIM JONG UN** as the sun who leads to victory the cause of global independence of the 21st century.

LONG LIVE DPR KOREA!

LONG LIVE AFRICA!
